

## Information for Educators –

*Bay County* Excellence in Preservation  
& Education Since 1919  
**HISTORICAL SOCIETY**

**Friday's are reserved for schools** to attend the River of Time Living History Encampment.

Held annually at Bay City's Veteran's Park on the last weekend of September, the River of Time brings together hundreds of reenactors representing time periods from the early Native American Tribes to modern times. This "Timeline" living history event is unusual by having so many periods of North American history represented.

We invite schools to visit on Friday while the event is open to the public on Saturday and Sunday.

Teachers interested in attending the Event with their students should contact:
